

So, you want to know about teaching a coding course on behalf of CodeFirst:Girls?!

[Tejay White](#) is a Product Owner at Tribal Group, and an amazing lead instructor who has been teaching the University of Sheffield beginner's coding course since Spring 2016.

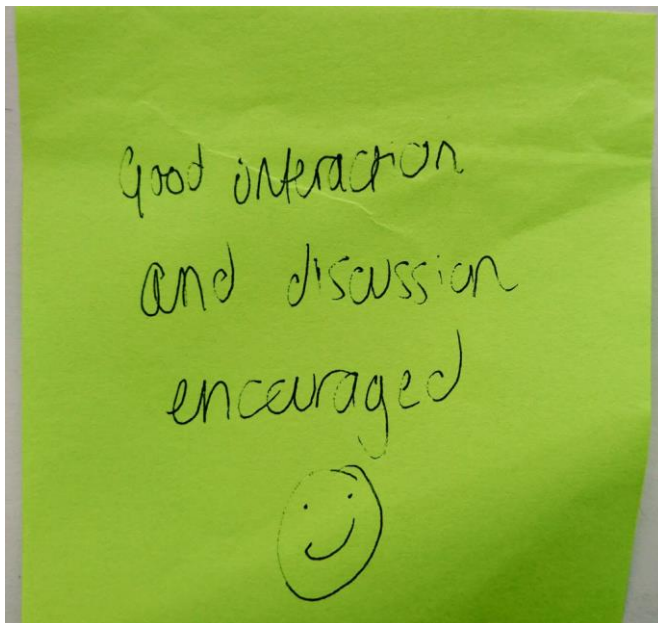

She has very kindly written a blog post about teaching for CFG, which contains some really helpful tips and suggestions, particularly for those of you who are new to CFG!

Please check it out here:
